The Department of Biological Sciences at the University of Denver invites applications for two non-tenure track full-time Teaching Assistant Professor positions for the academic year 2015-2016 beginning September 1, 2015. The positions are responsible for teaching undergraduate courses related to Anatomy or Physiology to both undergraduate biology majors and to non-majors. Duties include six courses per year plus service including advising. The appointment is initially a one-year contract, renewable up to an additional two years pending satisfactory performance. A second three-year contract may be awarded at the Teaching Assistant Professor level following a formal performance review. The Teaching Professorial Series provides opportunity for promotion and advancement within the series.

Potential courses to be taught include contribution to a 3-quarter sequence introductory level life science course for non-science majors, "Molecules to Humankind"; a first year course for Biology majors "Physiological Systems", and upper level courses in “Human Physiology” or “Human Anatomy” or “Comparative Anatomy and Physiology” including hands-on lab activities and potential virtual anatomy labs. Teaching methods may include traditional and hybrid methods.

The successful candidates must have a Ph.D. degree from a life science discipline. Review of applications will begin May 22nd and continue until the positions are filled. Applicants must submit a cover letter, a curriculum vitae, a two-page statement of teaching philosophy and experience including evaluation philosophy and use of technology, and names of three people who can be contacted for letters of recommendation. Candidates must apply online through https://dujobs.silkroad.com to be considered. Only applications submitted online will be accepted. Once within the job description online, please click New Resume/CV at the bottom of the page to begin application. If you have questions regarding this position please contact: Joe Angleson (joseph.angleson@du.edu).

The University of Denver is committed to enhancing the diversity of its faculty and staff and encourages applications from women, minorities, members of the LBGT community, people with disabilities and veterans. The University is an equal opportunity/affirmative action employer.
