Please join us for an audience response (clicker demonstration). David Paul, Manager of Educational Technology, will briefly cover the technology, and then get into the pedagogy.

Used correctly, audience response systems (ARS) can dramatically increase retention, keep students engaged, broach sensitive topics, and receive anonymous feedback. While the demonstration will use Turning Technologies product, alternatives will also be discussed.

A light lunch will be served. Please register at: https://gs.ucdenver.edu/limesurvey/index.php/635583

For special accommodations, please contact: patricia.goggans@ucdenver.edu, 303-724-5878
