

THE GRADUATE SCHOOL PRESENTS: PHD IN CANCER BIOLOGY

INTERDISCIPLINARY TRAINING WITH WORLD-CLASS FACULTY

The Cancer Biology PhD program provides rigorous interdisciplinary training with an emphasis on the discovery and targeting of pathways that contribute to cancer initiation and disease progression. Students work in a highly collaborative environment under the guidance of our world-class training faculty that includes over 45 highly accomplished basic and clinical scientists from 13 departments. The Cancer Biology program offers personally-tailored opportunities to study a wide variety of topics in a student-centered environment, all in the inviting setting of Denver, Colorado, just a short distance from the Rocky Mountains.

CAREER PATHS OF GRADUATES

The PhD program in Cancer Biology prepares students for careers in academia or the private sector, including biotechnology, biomedical research, consulting and pharmaceuticals.

WHY CHOOSE CU ANSCHUTZ?

- The program was recently awarded a highly competitive NIH pre- and post-doctoral training grant.
- The campus is home to an NIH-designated Comprehensive Cancer Center.
- Together, clinicians, graduate students and research faculty contribute to a large and vibrant cancer research community that is poised to address present and future challenges.

PROGRAM HIGHLIGHTS

RESEARCH

Areas include experimental therapeutics; basic mechanisms of cancer cell biology; cancer stem cells, cancer initiation and progression; tumor immunology; and the tumor microenvironment. Emphasis on lung, breast, head & neck, prostate, bladder, blood and pediatric cancers.

PROGRAM EVENTS

Includes a student-hosted seminar series and an annual research retreat in the Rocky Mountains where faculty, postdocs and students present their work.

FINANCIAL SUPPORT

Students receive support that includes tuition and fees, health and dental insurance, and a competitive stipend.

APPLICATIONS

We accept applications from Sept. 1 to Dec. 1 for the following fall. On-campus interviews take place in February.

DIVERSITY AND INCLUSION

We are committed to diversity and equity. Students from all backgrounds will find resources & support on campus.
