General Medical Sciences

Future of Bioscience Graduate and Postdoctoral Training (FOBGAPT, part 2)

The Goals: Forge consensus recommendations for effective institutional programs and national policy changes

- Workshop 1** **How to better increase the diversity of scientists in senior and leadership roles.** Chairs: Jabbar Bennett, Christine Chow, Ambika Mathur, Nancy Schwartz, Nancy Street
- Workshop 2** **How to increase engagement and skills of faculty in mentorship.** Chairs: Rick McGee, Christine Pfund, Jonathan Wiest
- Workshop 3** **How to modernize (and keep updating) curricula and training while maintaining research and scholarship tenets.** Chairs: Patricia Cameron, Mary O'Riordan, Robert Duvoisin
- Workshop 4** **How to increase the engagement of the private sector and other potential employers in training paradigms and opportunities.** Chairs: Philip Clifford, Andrew Feig, Diane Klotz
- Workshop 5** **What data on Master's, PhDs, and postdocs can be collected nationally, and how can they be used to inform trainees and training.** Chairs: Kevin Finneran, Chris Pickett, Elizabeth Watkins

Opening Plenary Presentations

Dr. Alison Gammie - Catalyzing the Modernization of Graduate Biomedical Education

Dr. Julia Kent - Supporting Career Diversity and Professional Development in Doctoral Education

Dr. Paula Stephan - Economics and the Postdoctoral System
